Dilworth Park Enhancements: Drinking Fountain

This stainless steel, compact and streamlined drinking fountain offers a drinking spout at the top and a water bottle refill option, both of which are easy to use and handicap accessible. A tap and dog bowl at the bottom allows pets to take advantage of fresh drinking water as well.

The fountain will be located at the southwest end of the park, near the Greenfield Lawn and Residences at the Ritz-Carlton (see map below).

Fountain purchase and installation cost: \$7,500

Donations can be made online at supportccdf.org/donate (select "General CCDF Donation" and enter "Louie" in the "in honor of" field) or you may mail a check made payable to the Center City District Foundation with "Louie" in the memo line to the following address:
